### REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

The art of record does not teach or suggest a memory control packet that includes command flag bits for the listed commands where the command flag bits are the first bits in the memory control packet. This limitation overcomes all of the applied rejections.

Applicants' declarations and other remarks have been considered, but are not persuasive. More particularly, with respect to the declarations, the article *Intel Offers SDRAM Alternative to Rambus on Camino Chipset* still qualifies under 102(a). The declarations do not indicate that the article was published either by applicants or on their behalf. The declarations do not indicate that applicants are co-authors of the publication under (see 37 CFR 1.131) or that the other authors were working under the applicants' direction (see 37 CFR 1.132, see also M.P.E.P. § 715.01(c)I.). In fact, the article carries a copyright notice from a company other than the assignee of the present application. Additionally, the declarations do not establish by fact that the author of the noted article derived his or her knowledge of the relevant subject matter from the applicants and that applicants made the invention upon which the relevant disclosure in the article was based (see M.P.E.P. § 715.01(c)II.). Applicant's reliance on M.P.E.P. § 2132.01 and *In re Katz* is inapposite because, as noted above, there is no indication that applicants were co-authors of the publication.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry of a general nature or relating to the status of this application should be directed to the technology center receptionist whose telephone number is **(703) 305-3900**.

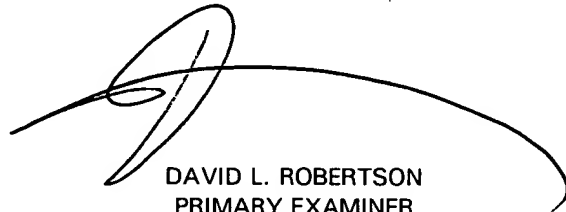

Direct any inquiries concerning drawing review to the Drawing Review Branch (703) 305-8404.
